

# Build & Debug MCP Server With Python 🐍 (Super Easy)

AI Web Scraping | Python MCP Server |  
Claude | Groq

# Project Overview

**Problem:** AI cannot retrieve updated information from the internet for code suggestions

- How engineers solve this manually:
  - Step1: Search the web
  - Step2: Open official documentation
  - Step3: Read documentation and write code accordingly

**Solution:** *AI Web Scraping (MCP Server + Tool)*
